

EDUCATION

- **University of Greenwich** London, United Kingdom
MA in Web Design and Content Planning; Grade: Distinction (First Class Honours) Sept. 2022 – Oct. 2023
- **SRM Institute of Science and Technology** Chennai, India
B.Tech in Computer Science and Engineering; Grade: First Class with Distinction July. 2015 – May. 2019
- **University of California, Davis** Davis, California, United States
Global Study Program (Semester Abroad Program); Computer Science Sept. 2017 – Jan. 2018

EXPERIENCE

- **Infosys Limited** Bangalore, India
Senior Systems Engineer (User Interface) Nov. 2019 - Aug. 2022
 - **Online Editor App:** Implemented a responsive landing page for the Online Editor app, an online web development platform, within LeX Learning driving 26k unique users, 150k projects created and 525k learning hours spent by employees and clients on the platform since. It allows code edit, save, share and deployment for Angular, React, HTML, CSS, and more.
 - **Agon App:** Engineered landing page for Agon within LeX, an interactive quizzing platform, contributing to catalysing talent transformation for employees and clients driving 53k unique users and 575k quizzes played since. Agon hosts 94 live topics and 13k live questions currently.
 - **UI Educator:** Conducted and mentored 1000+ hours of impactful training to employees and clients in UI technologies including Angular, Angular Material, HTML, CSS, Bootstrap and more; with a 20% enhancement in participant's proficiency, and with an average rating of 4.7 out of 5.
 - **Dashboard App:** Collaborated and executed the UI development of Dashboard Application alongside the ETA Java Team, boosting training sessions tracking efficiency of the ETA educators.
 - **Angular Apps Migration:** Successfully managed the migration of Angular applications (Certifications/Case Studies) to the latest versions, ensuring reduction in potential compatibility issues and a notable improvement in application performance.
 - **Content Creation:** Played a pivotal role in content creation for LeX Learning Platform, creating question banks on various Web Tech topics for Agon, Konnect, Certifications, Courses, and Quizzes, contributing to an uplift in course completion rates.
 - **Achievements:** Attained certifications of the Infosys Certified Angular Professional and Infosys Certified Frontend Web Developer. Received Insta Award for support given to development of Dashboard app, contribution towards session delivery with positive feedback, and creating mock interview videos.
 - **Role Progressions:** Systems Engineer: Apr 2020 - Dec 2021; Systems Engineer Trainee: Nov 2019 - Mar 2020

PROJECT HIGHLIGHTS

- **Khoj | University of Greenwich:** Conceptualised, designed and developed khoj-india.com as part of the MP targeted to help users discover hidden gems of India, covering over 80 curated locations. Undertook intensive research on cultural context, logo creation, typography, prototyping, UI/UX design, and promotion. Received appreciation by the High Commission of India, London via the contest "Let's discover the hidden gems of India".
- **Health & More Ltd. | Freelance:** Provided CMS support for their WordPress website healthplusmore.co.uk as per the current digital trends. Ensured proper categorization and tagging complete with product details, images, and pricing for 1000+ health food products and supplements on WooCommerce. Executed best practices of digital accessibility and SEO utilising Yoast SEO in order to increase the click-through rates.
- **Assignment Projects | University of Greenwich:** Designed and developed various websites part of modules such as Film Promotion: web campaign for re-release of a classic film; Small Business Website: a site for a fictional small business; Typesetting Literature: a site focused only on typography and colour - no visuals.
